Capability Statement

S-3 will assist your organisation in meeting your strategic goals and objectives through tailored improvement solutions. We advocate the proven method of internally generated improvement rather than adopting externally created 'out of the box' solutions.

S-3 has experience in providing services to:

- Product developers
- Service providers
- ICT organisations
- Acquisition organisations
- Sustainment organisations
- Regulatory agencies.

Approach to Improvement

The key to genuine improvement is to align initiatives with your business goals and objectives. This explicit link has been proven to result in increased capability and higher returns on investment.

S-3 does not sell change or 'out of the box' solutions. We harness the capability that already exists within your organisation and build on this foundation.

Our role is to provide you with independent and objective facilitation. Our experience has shown that this approach leads to genuine, long-lasting, and cost-effective improvement.
